

Specialty Internship in Wildlife Medicine and Education

The Wildlife Clinic at Cummings School of Veterinary Medicine at Tufts University is offering an opportunity for a veterinary specialty intern to acquire experience in clinical wildlife medicine with a concurrent focus on educating veterinary students and veterinary interns in both clinical techniques and conservation medicine concepts.

The successful candidate will both: (1) gain hands-on clinical experience working closely with the clinic director, veterinary technicians, and veterinary interns on the medical and surgical management of the Clinic's high caseload of native birds, reptiles, mammals, and amphibians; and (2) working closely with the clinic director, assist in the continued development and implementation of the Clinic's integral role in the clinical training of veterinary students during their core fourth-year rotation as well as assisting in training of pre-clinical students (classroom and wet lab based).

Qualifications:

- Degree in veterinary medicine
- At least two years post-DVM clinical working experience, with at least one year of experience exclusively in wildlife medicine
- Clinical teaching experience
- Experience in wildlife rehabilitation
- Enthusiasm for teaching and ability to demonstrate creativity with regard to the development of clinical and didactic teaching methods

Expectations:

- The successful candidate will work collaboratively as part of team and help foster a positive learning environment for students and interns
- The successful candidate will work closely with the clinic director and veterinary interns on all aspects of medical and surgical management of clinic patients
- The successful candidate will contribute to ongoing research efforts and will be encouraged to identify new areas for potential research
- This is a full-time, one-year position with a start date of August 1, 2020

Application Deadline: July 6, 2020

How to Apply: Please send a CV, letter of intent, names of 3 references via email to Maureen Murray, DVM, DABVP
