

MENTORS NEEDED

The Student Committee is asking for help! The Committee offers a student-mentor mixer at the International WDA conference and this summer the event is sponsored by the American College of Zoological Medicine! The student-mentor mixer is **Tuesday, July 26 from 5:30 to 6:30 pm**. Come to the mixer and have a free drink and snacks with students before the auction!

We need mentors who can speak with students about the following career options:

Wildlife Parasitology

Wildlife Pathology

Zoological Veterinary Medicine

Wildlife Conservation

Free-ranging Wildlife Veterinary Medicine

Wildlife Epizootiology

Please consider serving as a mentor. If interested, please send an e-mail to Shelli Dubay at sdubay@uwsp.edu and include the career option most relevant for your work.

Thank you for considering our request!
